Councilor Lentz:

Thank you for your words and input to the Commission. We will make sure the full Commission receives your comments. If you aren't able to attend on Wednesday, Secretary to the Commission Anthony Vendetti will be available to read them into the comment record for the meeting. We are scheduled to take action on charter amendment proposals at the July 7 meeting.

Sincerely,

**Chuck Green, Charter Review Commissioner**

**Subject:** Comments on Charter Proposals

Dear Charter Commission--

I have a regular Wednesday evening conflict, so my regrets for not delivering these comments in person. I'll try to log in on the evening of the 7th, but if I am not able to then please allow these comments to stand in, and please share them with the full commission.

Thank you for all of your work and commitment over the last few months. I've watched the recordings of nearly all of the meetings and have appreciated your thoughtful comments and deliberations.

As you head into the vote to approve proposals for the November 2021 ballot, I simply wanted to extend my thanks and say that I look forward to seeing these proposals on the ballot. Each of the seven proposals offers the opportunity to refine and improve the charter that was originally passed by our voters, making our local

government more responsive to the needs of our residents and consistent with general practices of good governance.

As one of the group of Freeholders elected to draft the charter, and now as an elected county councilor serving under the charter, I am grateful for your time and attention. Clark County is growing and changing rapidly, and needs a county charter that can meet our needs. I look forward to seeing what the voters decide on these proposals you have brought forward. As I have told many of you since the beginning of this process, please do not hesitate to ask if you have any questions for me or if I can be of assistance to your efforts in any way.

Thanks again,

-Temple Lentz
